From the Principal

HPV Round 2 –

The second round of the HPV Super Series was held at Victoria Park Raceway in Adelaide on Sunday. Despite riding in the rain and fog and having some serious visibility issues the students did an exceptional job. HOT M finished third in their category and crossed the line only one second behind Crafers, who claimed second place. Momentum had a couple of spectacular crashes and finished the race a little bit worse for wear, however they still managed to finish 12th in their category and were on the same lap as the car that finished 8th. Thank you to all involved.

Long Tan Awards –

Nominations are now open for the Year 10 and Year 12 Long Tan awards. Year 10 recipients receive \$250 and Year 12 recipients receive \$500. Students were encouraged at assembly this week to either nominate themselves or other students in Years 10 and 12.

Nominations need to demonstrate how the nominee has addressed the selection criteria, which includes leadership, teamwork and community involvement among others. Further information can be found at <http://www.adflongtanawards.gov.au/>.

College Council –

Council was held on Monday night. The main business of the meeting was centred around the ratification of a number of the DRAFT policies that have been available on the website. **Please take the time to read the policies on the website**, hard copies are available from the school on request. Some of the procedures in these policies are new, however, many are not.

It was felt that explanation and clarification was required on certain points.

On site supervision policy –

The school will provide supervision for students before school between 8.35am and 8.55am. There will be no teacher on duty in the yard before 8.35am or after 3.25pm. Teachers or the Principal do not have a legal duty of care for students arriving before 8.35am or after 3.25pm.

Signing students and visitors in and out of the school –

This is a procedure that is mentioned in a number of our policies and is extremely important in regards to emergency management.

- All students (primary and secondary) must sign in at the front desk if they arrive late to school.
- All students must be signed out of the school at the front desk if they are departing before dismissal.
- All visitors (including parents) must sign in at the front desk at arrival and out when they leave.

Paracetamol & Medications –

The new Distribution of Medication policy states that analgesics are to be supplied by the parents and only to be given by a First Aid trained staff member (almost all staff at MCC are First Aid trained) following permission of parents/guardians. Therefore students may bring paracetamol with a note from a parent, however they would need to see a First Aid trained staff member to administer this. This would then be recorded by the staff member. Permission may also be given over the telephone if there was an unexpected onset of pain. Under no circumstances should a child bring paracetamol to control a fever, any student that has a temperature should stay at home.

Prescribed medications such as antibiotics can be administered at school but a Medication Authority Form needs to be completed and sent to school. (Appendix B of that policy.)

Attendance –

Any student with attendance below 90% will be identified as being at risk.

Active After School –

There will be no Active After School next week!! Therefore there will be no bus to training. Note that Junior football training does not commence until 4pm. Active will begin again in Week 2 next term.

End of Term -

As next Friday (27th June) is the last day of term, students will be dismissed at 2:30pm. Parents of bus travellers need to note that their children will be home around ¼ hour earlier than normal.

Natasha Mudie - Principal

CAREERS EVENING

CAREERS

Wednesday 30th July

Starting at 4pm

Will include:

- Flinders University
- School-based apprenticeships
- Pathway planning

More information will be sent out with students in Years 9-12 at the start of Term 3.

Parents are requested to attend, so please keep this evening free.

it's MAGIC!

The photos show 'Magic Bob' who came to entertain the children at the primary assembly on Monday. Bob Short is a mentor at schools on the Yorke Peninsula for students with disabilities, and was a guest of the Sporn family last weekend. The children loved his show!

active after schools has now concluded for term 2

kayaks

I saw a yellow kayak.
Seth

We went to the dam and saw the kayaks.
Liam

We went to the dam and we saw the kayaks. The yellow kayaks were going fast.
Harvey

I went to the dam. I saw a yellow kayak.
Farren

We saw some kayaks and we saw some bamboo.
Ethan

We went to the dam to see the kayaks. The kayaks were yellow.
Evie

I saw a kayak at the dam.
Reece

as seen by Preps

WHERE are they now?

JENNA BIRD

I currently work as Counter Manager for Napoleon Perdis. However, I haven't always been a makeup artist. During Year 12 I was very interested in fashion design and had always wanted to work behind the scenes of fashion shows, although I wasn't so keen on the sewing side of that career path. At that stage I didn't feel that a makeup artist was something I could do as a serious career and earn a living from, so after Year 12 I took a job at the Pinnaroo Pharmacy. I realised that I loved learning about all the different medications, their uses, side effects and interactions. It was there that I completed Certificate 2 & 3 in Community Pharmacy. After about 5 years I decided it was time to move back to Adelaide, closer to my family and to further my career. I became the head dispensary technician in a large pharmacy. I learnt so much in this role, and was even trained in compounding medicines such as capsules, creams & troches. However, once I had done all of this, I wanted more

from my career. I moved into hospital pharmacy at the Women's & Children's Hospital. There I gained even more experience & knowledge, including working aseptically within the sterile pharmacy. After a family tragedy I re-evaluated my career. I decided that my dream of becoming a makeup artist was important to me, and I was prepared to do what was necessary to make that happen. So I quit my job and enrolled in a 6 month full time makeup course. I have a Certificate IV in Makeup and am qualified for not only beauty makeup, but also special effects. I honestly was not looking forward to the special effects side of it, but when the time came to simulate a black eye and even a compound fracture, I was very proud that I could make someone look as though a bone was sticking out of their body, and even turn them into a gory zombie. Now I do makeup every day and I love it! I get to be creative at work and, being the manager, I still have responsibilities such as reports and sales breakdowns to keep diversity in my job.

CAREERS NEWS

You may be interested in a new pathways information site www.UniOptions.com that has been established as a service to students, parents and schools. The site is free. It generates no revenue and is totally independent.

UniOptions enables Victorian careers professionals, students and parents to easily describe, understand and navigate the various pathways to entering university. *UniOptions.com*, and especially the *UniOptions Pathway Finder*, are of particular benefit to those school-leavers who do not achieve the ATAR that will allow them to enrol directly into the university course of their choice. The *UniOptions Pathways Finder* is a step-by-step tool that enables young people to find the best pathway to the specific course (not just institution) of their dreams - regardless of their ATAR.

The site aims to provide detailed - yet entirely digestible - information about the wide range of university pathways that are available to Victorian students. The site includes a range of real case studies from people who have used various pathways to achieve entry to their dream university course.

On Thursday the 12th of June Astrid Moyle, Molly Gibson and Sophie Gruen, accompanied by Josh Willersdorf, travelled to Mildura for a 'Nursing as a Career' day which was held at the Mildura Base Hospital.

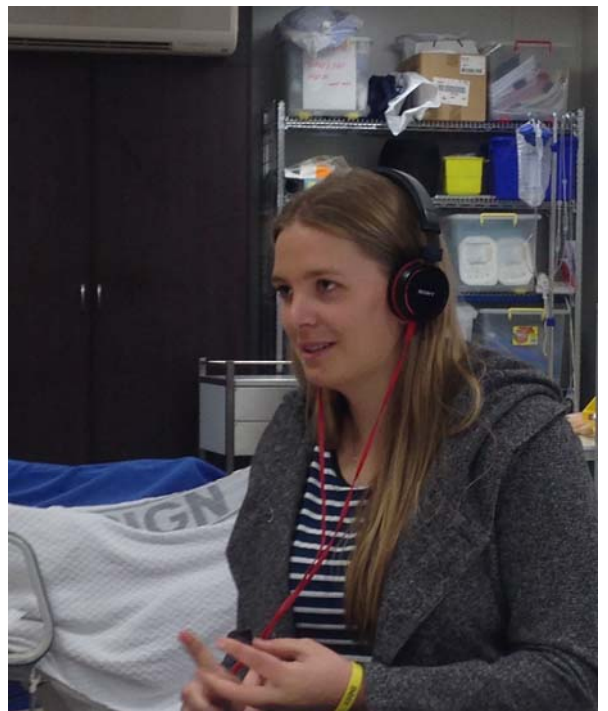

Throughout the day we were shown some of the different areas of nursing such as midwifery, theatre, manual handling and lifting, mental health, general nursing skills and a simulated patient tour. They were all very interesting and gave great insight to what each area would be like.

We really enjoyed the theatre area as we dressed up in proper surgery clothing and were able to play with equipment. The midwifery section was also a popular section as it provided a good understanding of the

duties and we were able to see a placenta and new born babies. The Nursing day experience was greatly enjoyed by all students and it was an excellent experience to be a part of.

Nursing as a Career

HPV round 2

Last weekend on Sunday the 15th of June five students from the primary school and seven from the high school competed in the second HPV series race. One hundred and eighty three cars raced on the Victoria Park race course in Adelaide in a 6 hour race. Our secondary team came 45th overall with 133 laps and finished 12th in their category. The primary team finished 53rd overall with 130 laps. They had a very tight finish only coming 3rd by one second to the 2nd place team in their category. Well done and congratulations to all the riders who managed cold, wet and foggy conditions on the day.

A big Thank you to Ken, Brenda and Andrew for all the time and work they have put into our racing cars and all the help and organisation on the day. After a few rolls and crashes on the weekend they have quite a few repairs needed and I know the Menzels will do a terrific job on the cars, ready for our next race in six weeks. Thank you to Brett and Natasha for your support and especially with organising the scrutineering and the transport of our cars and race gear. There were many supporters there on the day and we thank you for your help with setting up and packing down as well as your encouragement. Special mentions to Ken and Brenda, Brett and Natasha, Helen and Sam, Joylene, Julie, Colin, Darren and Shilo who also helped in the pits and on the BBQ. It's fantastic to work with such a happy and helpful group. It makes it such an enjoyable and successful day for the students and everyone involved.

With a few weeks rest now, we are looking forward to our next 6 hour race back at Victoria Park race course on Sunday the 27th of July. If you are interested in joining the team you need to let me know by the end of this term please.
