

# Form to Enrol in a Victorian Government School

## MURRAYVILLE COMMUNITY COLLEGE

Student Enrolment Information – 20	OFFICE USE ONLY	CASES21 Student ID:	
------------------------------------	-----------------	---------------------	--

The information requested in this form is required for enrolment purposes. This information is collected to plan for and support the educational needs of students.

This form should be completed by parents or carers who are responsible for enrolling their child. It is the responsibility of the person completing this form to consult with all other adults that need to be involved in the enrolment process. Parents or carers can co-sign the same form or complete separate forms if personal details are unable to be shared between them.

If required information is not provided or there is a dispute between parents or carers about a child's enrolment, the enrolling principal is required to consider the student's education and wellbeing when deciding whether to defer or accept the enrolment.

Only one enrolment form should be submitted per student. By completing and submitting this enrolment form, you are accepting a place for your child at the specified school (subject to any further checks required by the school).

All schools across Australia are expected to collect the same information. Questions marked with a \* are asked as a requirement of the Commonwealth Government to meet data collection, funding and reporting requirements under the Australian Education Regulations 2013.

## **Student's Permanent Residence**

Your child's permanent residence is the address where they spend the majority of their days during the school week. If they spend an equal amount of time at two addresses, both are considered their permanent address and your child will be entitled to enrol in the designated neighbourhood school for either address.

The school may make enquiries to verify the information provided, such as checking the electoral roll at an Australian Electoral Commission office or the Victorian Electoral Commission head office; checking with a real estate agent; or checking whether there are any regulations/codes limiting the number of people living at one residence, for example if a rental property is a studio or one bedroom unit.

# STUDENT MEDICAL DETAILS

The Department of Education and Victorian Government Schools require the health information requested in this section to plan for and support the health and wellbeing needs of students.

If there is a situation or incident which requires first aid to be administered to your child, school staff will administer first aid that is reasonably necessary and appropriate to their level of training. School staff will also seek emergency medical attention for your child if it is considered reasonably necessary. Any costs associated with student injury rest with parents/carers unless the Department of Education is liable in negligence (liability is not automatic). In the event that your child needs medical attention, school staff will contact you as soon as practically possible.
