MURRAYVILLE COMMUNITY COLLEGE NEWSLETTER

Persistence Respect Independence Determination Excellence

From the Principal

Student Free Day –

We had a very full and productive day yesterday, moving all of resources, furniture and equipment. A large proportion of our new furniture came yesterday and has been set up, however the new furniture for the Home Ec room and Yr 12 room have had to be stored, till these areas are ready. Our new library shelving is coming in the first week of Term 4. A huge thank you to all staff, including Helen Parker (who volunteered her time) for their efforts in getting everything ready for next term. Thanks to Val who supervised our senior students completing their VCE Practice exams yesterday.

End of term –

It has been a short, but extremely busy term with lots of fabulous learning experiences for our students. I hope everyone enjoys a great break over the holidays and I look forward to seeing you all back refreshed at the beginning of Term 4.

Natasha Mudie
Principal

Time for a break

A reminder that DAYLIGHT SAVING commences on Sunday October 5, the day before we commence next term … so school will feel as though it's starting early.

Inspiring PRIDE

FROM THE TECH SHED

Product Design Technology

Lachlan is very proud of the mobile tool trolley he made in senior classes (below right)

Savannah and Kalian showcase the serving trays they created in junior PDT

Someday
is not
a day of
the week

We acknowledge the Aboriginal and Torres Strait Islander peoples, the first peoples and traditional custodians of the lands where we live, learn and work. We pay our respects to the Elders, both past, present and future, for they hold the memories, traditions, culture and hopes of Indigenous Australians.

Digital Futures Community Connection Series

Countless ways to support young people.

The Digital Futures Community Connection Series, delivered in partnership with the Telstra Foundation and PROJECT ROCKIT, is a free, one hour online webinar designed to equip parents, carers, and educators with the tools, strategies, and confidence to guide young people through today's fast-changing digital landscape. Informed by the latest findings from the Australian Youth Digital Index, each session tackles the real life challenges young people face online, from mindless scrolling to the hidden impact of algorithms.

Save the dates - Upcoming Sessions

Technology & Children's Health and Wellbeing -
Tuesday, 14 October 2025

The Algorithm & Your Child -
Tuesday, 18 November 2025 **Time:** 7:00 pm AEST
Location: Online - Free to attend
Perfect for: Parents, educators, and carers Raising kids in a tech saturated world can be overwhelming but with the right tools, you can turn daily screen time battles into opportunities for connection.

For the last Ag class of the year, students organised a fire and camp oven.
They successfully cooked a delicious roast chicken, potatoes and carrot, and semi-successfully cooked a sticky date pudding that tasted alright when you added lots of ice-cream.
